Welcome to Amdahl Angus & Herefords Bull and Female Sale

Welcome to Amdahl Angus and Hereford 2019 Bull and Female Sale. We thank you, our customers, friends and family for your help throughout the years. We once again feel blessed to not only work with livestock on a daily basis, but continue to do what we love and enjoy. We appreciate your interest in our program and look forward to serving you in your breeding decisions and seedstock needs.

We have moved our sale to November 23rd to better serve our customers and we are offering free wintering until March 1st! The bulls will be semen tested, vaccinated, branded and delivered at your convenience.

Whether you're in the commercial or registered cattle business, we know the key to your success is producing a live calf at birth and the top cut quality calf that weighs down the scale comes weaning time. Still keeping in mind that females are the backbone to any successful operation. That's why we continue to place a huge emphasis on maternal traits, growth and structural soundness.

Intensive use of powerful donors and extensive embryo transfer has allowed us to progressively enhance the phenotypic and performance genetics that our costumers desire.

We hope that you contact us directly if you have any specific questions or if we can be of any assistance at all. As always, we thank you in advance for supporting our program and look forward to seeing you at the ranch on November 23rd.

God Bless,

Tim and Marcia, F. D., Annie and Coley Amdahl

Tim & Marcia Amdahl

J.D. & Annie Amdahl

Inspection of Cattle: Cattle will be available for inspection at the ranch anytime prior to the sale, call to make arrangements.

Health: Interstate health papers furnished on all cattle selling.

EPDs & \$Values: The American Angus Association is now calculating EPDs on a weekly basis using all available carcass harvest data, ultrasound data and the Igenity Angus specific genome profile data. It is possible new data has been submitted between the date the catalog was finalized and sale day which will affect the individual EPDs and \$Value Indexes of the animals selling. If your purchasing decision relies highly on the most current carcass data available, please look up animals of interest on the American Angus Association web page prior to viewing the sale offering.

Terms: All sales are cash sales unless other arrangements are made with JD or Tim Amdahl

Terms & Conditions: All cattle sell according to the standard terms and conditions of the American Angus Association. Amdahl Angus will retain a 1/3 semen interest in all bulls and 1/2 interest on a select few. New owner has Full Possession unless otherwise announced.

Supplement Sheets: Will be available sale day with any updates.

Sight-Unseen Purchases: If you can't attend our sale, we would be happy to help you select and purchase your bull. We know our bulls well and by visiting with you, we feel we can buy a bull that will fit your program. Some people prefer this. Call anytime at 605-929-3717 or 605-999-6487.

Trucking: We will be glad to assist in making the best possible trucking arrangements for females. FREE bull delivery up to 300 miles. A \$100 discount per bull will be given if they are taken home sale day week.

Additional Insurance: Will be available sale day.

Liability: All persons attending this sale do so at their own risk, legal or otherwise, for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

Announcements: From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

Lunch: Lunch will be available sale day.

**\$100 OFF EACH BULL TAKEN
HOME SALE WEEK**

Directions to the sale site on page 3

We have the strongest set of bulls we have ever offered front to back in our catalog. We would like to show you our bulls and females before sale day. We appreciate you as a customer and look forward to working with you.

OUR 5-STAR SYSTEM

★★★★★

CALVING EASE

5-Star Rating System: Most of our bulls offered for sale could be used on first calf heifers due to shape and size. To help you identify our calving ease proven bulls, we have a 5-Star rated system, 5-Star being our easiest calving. Our 1 and 2 Stars are for cows, because the sires are less proven on heifers. Our 3, 4 & 5-Star rated bulls are out of proven calving ease bloodlines for birth weight and shape. These bulls will work the easiest on heifers.

DNA TESTED

All Angus bulls are DNA Genomic: GGPLD tested for Parentage and all EPDs for future Accuracy and the benefit of our customers and their future profit.

Guarantee

All bulls selling for \$3000 or more will be covered until November 1, 2020. If a bull becomes injured and does not recover, we will give you credit towards one replacement bull or credit in next years sale less salvage value (\$1,500). Bull needs to be evaluated by a qualified vet before selling. We want to work with our customers in their future success. We are here to help and encourage you in the cattle business.

Wintering Info

All bulls are available for our free wintering. March 1st we will semen test and deliver bulls to your ranch or at your convenience. If bulls need to be kept longer, we will certainly work with you to deliver bulls at the best time for you and your program. We will just charge our feed costs for the days kept longer than March 1st.

LOT INDEX

| Hereford Open yearling Heifers..... | Lots 203A-210B |
| Hereford Bred Females..... | Lots 211-223 |

*How semen testing your bulls will pay off
and save you money in the long run.*

Save money, test your bulls before the sale and we will winter your new bulls. Semen test your bulls before our November 23rd sale and we will give you full credit for your testing cost against your bulls purchased sale day.

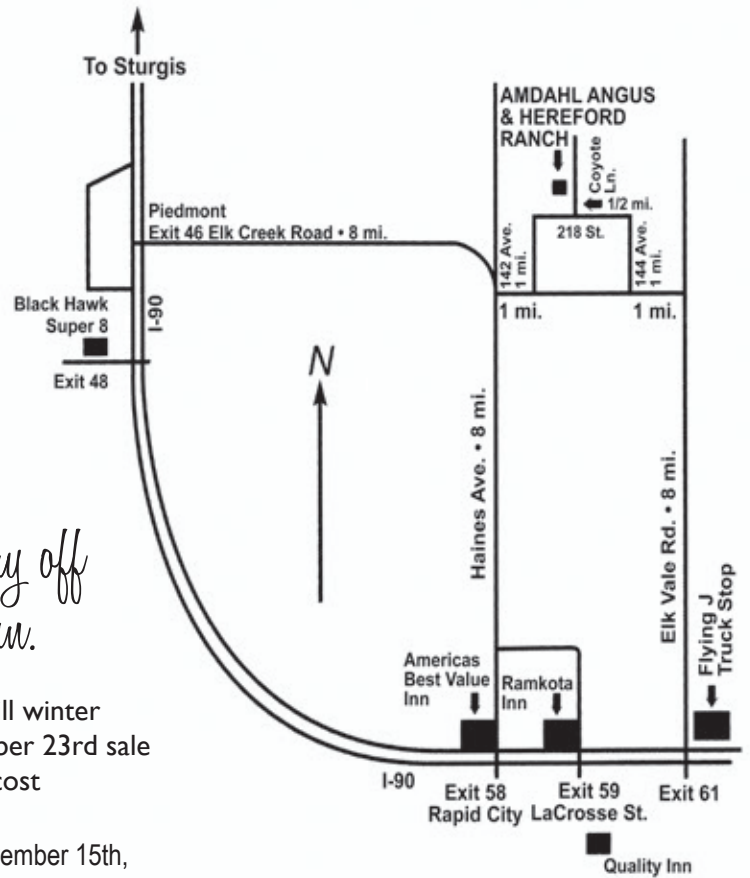

Example A: Rancher runs 10 herd bulls, tests his bulls on November 15th, three of them do not pass and will not recover as breeding bulls.

We will credit you your testing cost 10 bulls x \$35 per bull= \$350.

(His credit towards his new bulls). Those three bulls you would have had to winter at \$1.50 per day just to find out later they are no good

3 x \$1.50= \$4.50 per day (November 15-May 15= 180 days)=\$810.

Ranchers savings \$810 + 350 in credit = \$1,160 and we winter your new bulls for free. Three cull bulls sold 1800 lbs x \$.75= \$4,050 of extra cash flow.

*Thank You for your interest,
see you sale day!*

Sale Feature **Lot 98**

Sale Feature **Lot 1**

HOW MUCH CAN YOU AFFORD TO PAY FOR A TOP BULL?

COWMAN FORMULA

Increase in pounds per calf from a top-performance bull
X No. of cows bred to him per year
X No. of years to keep the bull
X Expected selling price of calves
= Additional dollars you can pay for a better bull

Example: A bull who will add 30 lbs. to the weaning weight of each of his calves mated to 25 cows per year for 4 years and you sell the calves for \$1.60 per pound.

$$30 \times 25 = 750 \times 4 = 3000 \times \$1.60 = \$4,800$$

This bull is worth \$4,800 more than the average bull who will keep your weaning weights the same. Take this formula and put your own figures in and see what you can afford to pay. This equation does not consider the increase in value due to calving-ease, higher quality replacement heifers, yearling growth, feedlot gain and improved carcass quality.

A LEADER IN DNA TESTING.

We have one of the most genetically tested herds in the breed for accuracy. We have DNA tested our bulls for Genetic Accuracy in calving ease, maternal and carcass quality. Our ADG is from birth to yearling not just a short test period. We all want a consistent product- that's why we do DNA testing, Embryo work and seek out the best genetics to raise bulls and females for our costumers. Here is a formula you can use to show what a bull that would increase your weaning out by 30 pounds would be worth.

IT WOULD BE OUR PLEASURE TO ASSIST YOU IN YOUR MARKETING NEEDS.

We would like to help you market your cattle out of our bulls. We have Order Buyers asking us where and when calves out of our bulls are selling. We get calls every year for Blacks, Black white face and Hereford open heifers.

Please give us a call.

-Tim Amdahl 605-929-3717 J.D. Amdahl 605-999-6487

The Big Cut Pays

Having more calves make the big cut when you ship is a sure-fire way to add profit. Amdahl bulls will add more pounds and consistency to your calf crop. We feel consistent performance is crucial in making high quality steers and heifers. Our bulls averaged 3.4 pounds from the time they hit the ground at birth to their 365 day weights, that is truly the only way to give an average daily gain.

- American Pride 973 has been a standout since day one and has true herd bull look and credentials. He started out at 75 lbs at birth and earned the second highest 205 day weight of the 2019 calf crop at 864 lbs for a weaning ratio of 117. 973 is a very long-bodied, muscular bull that is certainly a sale feature.
- His dam, Dorinda 141 is a great uddered, hard-working Bismark daughter that has earned an outstanding weaning ratio of 107 on her seven calves and is 9% below the herd average at birth.
- Retaining half semen interest and would like to work with the new owners.

LD Capitalist 316 sons

Lot 2

- Recommended for heifers. Extra thick with second to none depth of rib is the best way to describe this Capitalist son. If you are looking for calving-ease and fleshing ability backed by a powerful cow family, Capitalist Plus 933 is that kind of bull. He ranks in the top 10% of the breed for CED, WW, YW, HP, CEM and \$W, and the top 15% for RADG, milk, CW and \$F.
- His dam, Amdahl Blackbird 747 is a beautiful embryo daughter out of the Pathfinder dam, Blackbird 148 sired by Musgrave Big Sky. She is certainly off to a great start with her first calf, earning a weaning ratio of 105.

• Amdahl Alamo 956 earned a 205 day weight of nearly 750 lbs for a weaning ratio of 101. 956 is certainly one of the 2019 sale features and will not be hard to find come sale day. He ranks in the top 1% of the breed for \$W, top 3% for milk, top 4% for WW, top 5% for YW and HP, top 10% for RADG, scrotal and \$M.

• His dam, DR Blackbird 133 is a massive, high capacity Final Answer daughter and records an outstanding weaning ratio of 110 on her seven calves. She is also the dam of Amdahl Heavy Duty 323.

• Alamo 956 will certainly leave a lasting impact in his future herds.

- Nevada 970 offers worlds of substance and a topline that is second to none. This eye appealing Reno son has certainly been one of the favorites to those who have seen him in the pens. He earned a whopping 812 lbs 205 day weight for a weaning ratio of 110.
- His dam, Miss Newline 7197 is one of the most influential cows on the place. She is a heavy milking, long-bodied female that has earned a tremendous weaning ratio of 106 on her eleven calves.

Big Thanks to Adrain and Caled Limberg

AMDAHL MISS LADY 5164-766
DAM OF LOT 10

- Recommended for heifers. Amdahl Guardian 920 is one of the very best Reno sons to be offered in the 2019 offering. He earned a 205 day weight of 775 lbs for a weaning ratio of 105 with zero supplement or creep feed. This young future herd sire ranks in the top 2% of the breed for WW, YW, Claw and \$W, top 4% for CEM, top 10% for CED and \$F. We are certainly very excited to see what the future holds for Guardian 920 and look forward to using him in our own herd.
- His very attractive dam, Amdahl Miss Lady 766 is a well made, Black Granite daughter that has a bright future ahead of her. She offers exceptional femininity, udder structure and length of body.

"The Amdahl bulls have the best docility and feet as well as stay in great shape during and after breeding season. I only had a 2.4% open this year on all my cows at preg. testing time. Which goes to show that these bulls know how to go out and get the job done, and I ran in some of the roughest pasture in my country."

-Lloyd Davis

MATERNAL SISTER
OF LOT 14

• Rapid City 938 has been a standout since birth. This long bodied, high performance Phoenix son offers exceptional growth, eye appeal and very strong carcass traits. He ranks in the top 10% of the breed for WW, Ribeye and \$W, and the top 15% for YW, CW and \$G. 938 earned a weaning weight of nearly 800 lbs for a weaning ratio of 108.

• His dam is the third highest income producing female on the ranch. She has earned her way to the donor pen and has certainly left her mark in the Amdahl program.

• Amdahl Rapid City 938 will be used in our program and we look forward to working with his new owners in the future.

- Recommended for heifers. This calving-ease, deluxe Sure Fire son offers exceptional correctness, structural soundness and is one of the biggest spread bulls in the offering, going from +14 on his CED to a +109 on his yearling EPD. He ranks in the top 4% for CED and DOC, top 10% for \$W, and the top 15% for milk, \$M and \$B.
- His dam, Amdahl Miss CD 758 is a deep-bodied, very feminine Countdown daughter that is built for the long haul.

- Highly recommended for heifers. 952 is an excellent combination of calving-ease and maternal power. He is the top rated calving-ease bull in the entire offering. He ranks in the top 1% of the breed for CED, top 10% for BW, the top 15% for CEM and \$EN and the top 20% for Marbling.
- His dam, Amdahl Dixie Erica 672 is one of the strongest up and coming females in the program and comes from a long line of Pathfinder females.

"Not just quality bulls at unbeatable prices, but the Amdahl family are the highest quality people who care about your success and satisfaction as much as you do."

-Frank Bauman, Bauman Brothers Ranch

- Amdahl Galaxy 922 offers worlds of length and muscle. He earned an outstanding weaning weight of 813 lbs for a weaning ratio of 110. He is stamped with a true herd bull look and will certainly leave his mark in the herds that he is used in.
- His highly productive dam, Amdahl Miss Laurel 6157 has earned a weaning ratio of 109 on her first two calves for an average weaning weight of 820 lbs. His grandam, Amdahl Miss Emblazon 616 served in the Amdahl program for 13 years and his great grandam lived to be 18 years old and has the most daughters and granddaughters than any cow in the Amdahl program.
- We certainly look forward to using Galaxy 922 in our program.

- Amdahl Royal 9145 is the number one 205 day weight bull in the 2019 sale offering. He earned a 205 day weight of 867 lbs for a weaning ration of 117. Royal 9145 is one of the youngest bulls in the offering but is certainly a stand-out, packing on the pounds and never looking back.
- His highly productive dam, Amdahl Miss Consensus 597 is a moderate, well-made female with a superb udder.

- This herd sire prospect is backed by more Pathfinder dams than any other bull offered in the 2019 sale. Rocketeer Plus 917 is one of the best Rocketeer sons to be offered. He offers exceptional thickness, correctness and is an extremely easy-fleshing performance bull.
- His dam, Amdahl Miss Ultimate 103 has earned Pathfinder status with her exceptional productivity earning a weaning ratio of 103 on her seven calves and is also the dam of Amdahl's Landmark 712.
- Rocketeer Plus 917 is the type of bull to build a herd around.

- Heavy Duty 949 is a special favorite of his calf crop with superior maternal value and is a sure standout in the pen. He started out at 81 lbs at birth and had a 205 day weight of 796 lbs earning a weaning ratio of 107. His full brother, Amdahl Heavy Plus 805 has been used heavily in the Amdahl program and we look forward to using 949 AI as well.

- A big, growthy bull with extra size, length and depth of body is this Heavy Duty son 918. He will sire the kind of feeder cattle that will grow, gain and top the market. He ranks in the top 4% of the breed for scrotal, top 5% for WW and the top 15% for YW, RADG and SF. 918 earned an impressive 205 day weight of 791 lbs for a weaning ratio of 107.
- His young, promising dam is off to a great start, earning a weaning ratio of 101 on her three calves.

- Primetime 959 is valuable calving-ease bull with herd bull potential. A ranchers kind of bull backed by generations of highly productive dams that have also earned Pathfinder status. He is a slam dunk calving-ease bull with his +13 for his CED.
- His dam, Miss Blaze 733 is a highly attractive Black Granite daughter that will soon join the donor pen.

- Landmark Plus 964 is an attractive, super fronted bull with length, thickness, muscle and superior structure. 964 embodies what we strive for in our program. He earned a 205 day weight of 864 lbs for a weaning ratio of 117. This leadoff Landmark son will certainly sire the type of feeder cattle to raise the cowman's bottom line.
- His dam Amdahl Lady Beulah 6105 comes from a long line of highly productive females. She is certainly off to a great start here.

623 had the herd bull look since birth and has turned into an impressive sire any way you look at him. I purchased his mother for \$37,500 and she is one of the greatest cows of the breed. Her mother, the \$70,000 7003 cow is the mother of our 4344 herd bull, and her mother is the \$175,000 5139 cow. When you put 215Z on top of all that you can see how 623 is so valuable.

• 920 has been a standout since birth. He is a great 6104D son out of the great 376A donor cow. He is growthy, massive and has exceptional length of body.

1-5 Star Rating • C/E: 3-5 Hfrs/1-2 Cows

| C/E | Fleshing | Disposition |
|-----|----------|-------------|
| 4 | 4 | 4 |

He is a proud looking bull that really travels well. Here is a future herd bull for a great cowherd. To go from an 82 lbs birth weight to an 806 lbs weaning weight says a lot about this bulls potential as a breeding bull.

• There are lots of great cows in his pedigree and 920 is no accident. His mother's ratios are 104 on weaning, YR 101 and Marbling of 106.

FULL SISTER TO LOT 98

"Experience the difference of Amdahl Angus and Hereford genetics."

- 933 again is a son of the calving-ease 6104D bull and a really nice first calf heifer. She goes back to our 194 Dam of Distinction cow.
- This bull should work on heifers as well. He is correct, big topped and a big middled bull with nice muscle shape.

• Here is a tremendous herd bull sire out of the exciting 6092D bull who is out of the great 753 cow that Holdens purchased from us. She had a daughter that sold to Coopers that has had some of their top sellers. On the dams side you have a daughter of the 215Z sire that goes back to the 055 cow and our 7136 cow and on the bottom you have the great 617S cow. Coopers sold a full sister to 952 mother for \$20,000. 952 is red all over, he has lots of style, length of body and depth. This is a true herd bull in the making. He could turn out to be one of the best bulls we have ever raised. Retaining semen interest.

- We really like 895 and think he is herd bull quality. He is stout has a big top, long, thick and correct.
- His mother has been a top donor cow going back to the 310 cow, one of the best we have ever had. 895's mother posts a WR of 104 on her calves.

- This double featured Reno 4021 mating with Amdahl Erica 544 offers an explosion of possibilities. These two young females bring to the table curve-bending performance EPDs and more importantly will make some of the finest females and mother cows.
- Their dam, Amdahl Erica 544 is one of the deepest-bodied females to be raised on the ranch and is the number one proved EPD female in the breed.
- These two females rank in the top 1% of the breed in many categories.

- Another double feature of unique opportunity that we are excited to offer with these two exceptional heifers. Both of them are very deep-ribbed and stylish. This Epic mating with Amdahl Erica 544 offers a great combination of phenotype and second to none EPD power.
- They both rank in the top 1% of the breed for WW, YW, CW and \$W. We are excited to see where these young females go and how they will produce in their future herds.

- Wow! This very feminine Reno 4021 daughter offers great maternal merit with stellar performance numbers. If you are looking for a calving-ease female with breed leading weaning EPDs 9110 is that kind of female.

Big thanks to Gideon Waldrop for his help on the ranch

"Every herd sire begins with a powerful mother."

- Dixie Charm 9118 is one of the premier sale attractions. 9118 has been a standout since birth and throughout the summer. She earned a weaning weight of 705 lbs for a weaning ratio of 104.
- She is certainly one of my personal favorites and I am certain she will find her way to the donor pen in her future herd.

• Here is a rare and unique opportunity to buy the dam of Amdahl's Rocketeer 636 who weaned off at 970 lbs. Amdahl Erica 465 is a deep-bodied, easy-fleshing, heavy milking female that hits a homer regardless of who you breed her to. She records an outstanding weaning ratio of 116 on her three calves and their average weaning weight was 850 lbs. She has three daughters retained in the herd and has been flushed successfully many times with more exciting progeny to come.

• She sells open and ready to flush or breed and was just recently successfully flushed.

• Here is a rare opportunity to purchase a female that has produced some of the most outstanding animals in the Amdahl program. Her first calf was Amdahl's All American 324 who has certainly left his mark in the operation. She is also the mother of Amdahl Block Party 557 which was the top selling bull in the 2016 sale purchased by Labrier Ranch. She records a weaning ratio of 108 on her six calves.

• She sells safe bred with a female to GAR Phoenix due 1-16-20.
